

Dataset-integrity audit
and duty-cycle thermal study

Lin (2026a)

*leakage audit;
thermal cut-off criterion*

one platform,
audited dataset

Single-platform dual-model
inference characterisation

Lin (2026b)

*scheduling effect on
Raspberry Pi 5*

one platform,
two models

**This study: cross-platform
selection for procurement**

*audited accuracy;
cost, endurance, thermal*

two platforms,
procurement decision
